

RESULTS • INNOVATION • VALUES • ACCOUNTABILITY

**POWERING SOLUTIONS
FOR BETTER GOVERNMENT**

RIVA Solutions Inc., is a Federal IT service provider experiencing explosive growth since inception in 2009. We specialize in digital transformation and modernization of the public sector, supporting clients across DoD, Federal Civilian, Federal Health, and Intel communities.

We don't just get **results**, we create lasting impact. Driven by empathy, **innovation** is the key to our mission-oriented solutions. A community, guided by strong **values** and built on a foundation of **accountability** and trust—we embrace agility and take risks. Ever curious, we are on a mission to power solutions for better government.

We are team RIVA

INNOVATION

PEOPLE-FIRST INNOVATION

RIVA's **Innovation Solutions Center (ISC)** is a cross-functional team with subject matter experts from all RIVA's capability areas. The ISC is a think tank space where staff can flex their creative muscles, create prototypes, and develop innovative new products and solutions which help clients save money, reduce implementation risk, and quickly adapt to changes within the Federal IT landscape.

DELIVERY EXCELLENCE

YOUR MISSION IS OUR MISSION

Experience a seamless transition from contract award to delivery driven by our experienced PMI and Agile, SAFe certified portfolio managers. Our dedicated portfolio management team is supported by a robust technology stack and RIVA's project + portfolio management dashboard, Project HealthCheck. Customer satisfaction is our number one priority and we have the CPARs to prove it!

TOP INDUSTRY TALENT

PEOPLE ARE OUR #1 ASSET

Our community of IT professionals are leading experts in Cloud, DevSecOps, Data, RPA, Cybersecurity, Project Management, and all facets of modernizing and deploying IT systems and solutions. Our extensive bench of part-time and full-time IT professionals allows each project team to scale with the right certifications and level of support for any size task order.
